

## JST-IEA Seminar Program

10 January, 2012

### *Perspectives on Challenges in the Global Energy/Environmental Landscape: How Research Partnership between Japan and Asia Can Contribute to Secure and Sustainable Energy Future*

14h00-14h10	<p>1. OPENING REMARKS</p> <ul style="list-style-type: none"> <li>● Yoshikawa, Japanese ambassador for OECD (TBD)</li> <li>● Sawako TAKEUCHI, President of MCJP</li> </ul>
14h10-14h40	<p>2. KEYNOTE LECTURE</p> <p><b><i>IEA World Energy Outlook</i></b></p> <ul style="list-style-type: none"> <li>● Shinichi KIHARA, Senior Energy Analyst, IEA</li> </ul> <p><b><i>Problems in achieving low-carbon societies and resolution strategies under SATREPS</i></b></p> <ul style="list-style-type: none"> <li>● Kotaro INOUE, Principal Fellow, JST</li> </ul>
14h40-15h30	<p>3. POLICY MAKING APPROACH FOR LOW CARBON SOCIETY</p> <p><b><i>Outreach activities in Asia in the energy field</i></b></p> <ul style="list-style-type: none"> <li>● Osamu YAMANAKA Head of division for Asia Pacific Latin America and sub-Saharan Africa, IEA</li> </ul> <p><b><i>How can "integrated modeling" contribute to low carbon society policies in Asian cities?</i></b></p> <ul style="list-style-type: none"> <li>● Kei GOMI Researcher, Graduate School of Engineering, Kyoto University</li> </ul> <p><b><i>Promoting the application of low carbon technologies in small and medium-sized enterprises in India</i></b></p> <ul style="list-style-type: none"> <li>● Yutaka SUZUKI Director-General, Kansai Research Centre, Institute for Global Environmental Strategies</li> </ul>
15h30-15h50	COFFEE BREAK
15h50-16h25	<p>4. LESSONS FROM THE DIFFUSION OF LOW CARBON TECHNOLOGY</p> <p><b><i>Energy technology roadmaps</i></b></p> <ul style="list-style-type: none"> <li>● Cecilia TAM, Senior Energy Analyst, IEA</li> </ul> <p><b><i>How Japanese low-carbon technology can contribute to the international society?</i></b></p> <ul style="list-style-type: none"> <li>● Koichi YAMADA Deputy Director-General, Center for Low Carbon Society Strategy of JST</li> </ul>
16h25-17h00	<p>5. PERSPECTIVES AND FRAMEWORK OF DIFFUSION FOR LOW CARBON SOCIETY</p> <p><b><i>Challenges to measure Large Scale Carbon Dynamics and reduce CO2 emission from peatland-forests in Indonesia</i></b></p> <ul style="list-style-type: none"> <li>● Mitsuru OSAKI Professor, Graduate School of Agriculture, Hokkaido University</li> </ul> <p><b><i>Energy access issues</i></b></p> <ul style="list-style-type: none"> <li>● Dan DORNER, Analyst, IEA</li> </ul>
17h05-17h55	<p>6. DISCUSSIONS</p> <p><b><i>How Japanese technology can contribute to global approach for secure and sustainable energy future?</i></b></p> <ul style="list-style-type: none"> <li>● Moderator: Yuko HARAYAMA, OECD</li> </ul>
17:55-18:00	<p>7. CLOSING REMARKS</p> <ul style="list-style-type: none"> <li>● Sawako TAKEUCHI, President of MCJP</li> </ul>
18h30-20h00	Cocktail

※This program is tentative.
